
Fire Safety (Advanced)

Activities:

Fire Drill:

- [ ] Participate in a fire drill. Practice "low crawling".
- [ ] Explain why it is important to leave immediately when there is a fire, and why you should not re-enter until the fire department says it is safe. You may do this out loud, in writing, with alternative communication, as a role play, or via a poster.
- [ ] Watch "Fire Safety for Kids with SteveSongs & Sparky the Fire Dog" (http://www.youtube.com/watch?list=PLjVWgk4vnRMS0ryWxJay-tBbUdR71h47y&v=0jvgWghAagI).
- [ ] Show two ways to escape from every room in your house, and know where to gather away from your home; practice gathering there.

Stop, drop, and roll:

- [ ] Listen to a story about how to do "stop, drop, and roll".
- [ ] Role play stop, drop, and roll.

Getting help:

- [ ] Role play calling 911.

When you have successfully completed all activities, you officially have the Fire Safety Advanced skill recognition!
